

Conversation Heart

counting and sorting skills

The image displays five vertical columns, each consisting of ten rectangular boxes stacked on top of each other. The bottom-most box of each column is filled with a solid color, while the remaining nine boxes are empty. The colors of the bases are pink, orange, green, yellow, and purple, from left to right. This structure is designed for children to use conversation hearts for counting and sorting activities.

Conversation Heart

counting and sorting skills

The image displays five vertical columns of ten empty rectangular boxes each, arranged horizontally. These boxes are intended for conversation hearts, used for counting and sorting activities.
